

SATURDAY, OCTOBER 29, 1887.

FOR PRESIDENT IN 1888,
JAMES G. BLAINE,
 OF MAINE.

Subject to the decision of the Republican National Convention.

"We always have the American flag above us and not below us."—James G. Blaine.

CONDITION OF THE STATE.

The Sacramento Bee says: "The railways are totally unable to carry the multitudes who are thronging to the State. Passengers bound West have to wait their chances for a seat, and are not unlucky if their delay does not exceed more than three or four days. The Santa Fe is compelled to run three sections of its overland daily, and then the facilities for getting into the State are causing much complaint. The Southern Pacific, over its two trans-continental lines, is pouring in about 1,000 people a day, so that it is safe enough to say that the total influx from all sources is 2,500 daily. We may expect this to continue for about sixty days, and that means 150,000 new people in the State. Of these it is not likely that less than 100,000 will remain and become permanent residents."

How Many Chinese Have Crossed the Pacific.

The San Francisco "Post" says: Surveyor Tinnin has prepared a complete statement of the arrivals and departures of Chinese from 1852 to June 30, 1887. The figures for each year are given, showing the steady growth of the immigration to its present proportions. It is not believed that these figures are anything more than an approximation, as the records were imperfectly kept prior to 1882. The total arrivals were placed at 335,261 and the departures were 196,263, leaving 139,001 Chinese in California and country who came through San Francisco. This is considered short by at least 60,000. Prior to November 17, 1880, the arrivals were 253,035, and the departures 123,061. Between that date and August 6, 1882, when the Restriction Act went into effect, the arrivals were 45,665 and the departures were 13,144. During the half year from January 1st to June 30th this year, 11,147 heathens arrived and 8,702 went away.

These figures are to be sent East for reference during the coming season of Congress. Anti-Chinese measures are being framed to be introduced early in the season, and their passage will be urged by the entire Pacific coast delegation.

Washington Territory's Condition.

Eugene Semple, Governor of Washington Territory, in his annual report to the Secretary of the Interior, estimates the population of the Territory at 140,000—an increase of over 10,000 in the last two years. The taxable property of the Territory, exclusive of railroad property, is given at \$50,653,869—an increase of about \$250,000 over last year. Settlement on public lands, of which nearly 17,000,000 acres remain unsurveyed, has been retarded by that fact, by the uncertainty of Northern Pacific titles, by extensive Indian reservations, etc. The report speaks at length of the resources and capabilities of the Territory in the way of crops, stock raising, mineral and lumber production, etc., as of great vastness and importance. Of the 6,400 children of school age the average daily attendance is about 2,200. Labor is hardly equal to the demand. The salmon fisheries yielded \$2,400,000 during the year.

Over four tons of Mexican silver dollars, Thursday, came into El Paso from Mexico in charge of Wells-Fargo's agent, and bullion enough to make the total weight nearly five tons. It goes to San Francisco and thence to China to buy tea.

A Bridgeport, Mono Co., Cal., dispatch says the Monto Cristo Mining Company settled with its creditors in full Tuesday evening. The mill and mine will start up in full blast as soon as possible.

A baby was left on the doorsteps of the residence of the Catholic priest in Grass Valley, Wednesday morning before daylight. The Sisters of Mercy at the convent have charge of the waif.

The steamer Cephalonia sailed for Liverpool from Boston Thursday morning with John L. Sullivan, the pugilist, and party on board.

The President has appointed William W. Dougherty, of Missouri, Agent for the Indians of the Warm Springs Agency, in Oregon.

LAGGARD TRAINS.

The San Francisco Chronicle truly remarks:

There is a popular idea that a railroad time-table is an arrangement of hours and minutes showing at what time trains leave certain towns and arrive at other towns. The Southern Pacific Company evidently considers the idea a delusion. From the reports we have received and the investigations we have made it can safely be said that it is the exception for a south-going train to arrive in Los Angeles, San Bernardino or San Diego on time, and that there have not been two days during the past fortnight when both the Southern and Central Pacific overland trains have arrived in this city on time. There is no other word for this tardiness and inexactitude than—disgraceful.

It is disgraceful, because that schedule of the hour of arrival and departure called a time-table is really a contract between the railroad and its patrons, and that contract is daily broken by the company. There would be but scant redress to the man who missed an important appointment because he arrived too late at the depot, but there should be ample redress if the cause of the failure to keep that appointment lies with the company who has taken the man's transportation money.

It is disgraceful, because every one is as uncertain about arriving on schedule time as he was in the days of coaching. A man has to go to Los Angeles on business, we will suppose, and by consulting the time-table he sees that he can go down by such a train and return home by the next, with so many hours in which to transact his business. When he trusts to the Southern Pacific time-table, however, he leans on a very broken reed, and the chances are that he will get to Los Angeles at anything from one to six hours late, miss his appointment and be put to the expense of stopping over another day.

It is disgraceful because these delays are not due to unavoidable accidents, but seem to spring from carelessness, parsimony or poor equipment. The excuses are numerous—weak. Either the coal is bad, or there are rabbits on the track, or a switch won't work, or the conductor was left behind, or there was a hot box, or something equally small and shabby was the matter. The hot box, by the way, is a prolific source of delay, and if the train goes more than five miles an hour, straightway there is a hot box and every one has to sit down and wait for it to cool off.

It is disgraceful—but the reiterated complaint is useless, and we can only count on active and direct competition for a better service.

Denis Kearney is addressing open letters to various persons in New York through the press, on the Chinese question. A card, Wednesday, appears, addressed to the ladies of the Society for Improving the Conditions of Working Women and Girls. He writes to the ladies: "If your meetings were not exclusively for females I would be only too glad to address you on this burning question of the hour—the Chinese question."

Advice to Mothers.

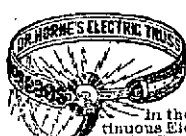

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. feb. 21-aw f-1v

BEATS THE LOUISIANA LOTTERY.—For the next sixty days all those who purchase one dollar's worth of groceries at Havenor's Cash Store will receive a ticket in a drawing for a fine gold watch. This is certainly a liberal proposition and all groceries sold at this establishment are fresh and of the best quality, and are disposed of at the lowest retail price. All goods are warranted and if not as represented the purchase price will be refunded. Go and take your chances in the watch.

One or more surgeons from the Western Division, 319 Bush street, S. F., of the National Surgical Institute, will be at the Barnes Hotel, Reno, November 10th, the Ormsby House, Carson City, November 11th, and at the International Hotel, Virginia City, November 12th, 1887. Persons suffering from diseases of the spine, hip, limbs or any bodily deformity, paralysis, piles, fistula, sexual or chronic diseases should avail themselves of this opportunity. References given throughout the U. S. Consultation free.

What Is It

That produces that beautifully soft complexion and leaves no trace of its application or injurious effects? Wadon's Robertine accomplishes all this, and is pronounced by ladies of taste and refinement to be the most delightful toilet article ever produced. Warranted harmless and untouchable. S. J. HODGKINSON & CO., my 24 1yr. Agents Va. St., Reno, Nev.

THE MOST LOVELY PORTION OF RENO.

Facing the Truckee—The Aristocratic Riverside Avenue Driveway—Splendid Sewerage—Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the Tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.

RENO

Has no equal in Nevada or California for salubrity of climate, wealth of soil, diversity of products and stability. Situated in the very heart of the celebrated Truckee Meadows the future of Reno is assured. Reno is the City of Homes. There is not a house to rent in Reno. New buildings are occupied as fast as erected. Reno has advantages which no other town can equal. The climate is mild and genial in Winter, and even and healthful in Summer. There are no excessively heated or severely cold terms, and while the days may be warm in Summer the nights are deliciously cool; in Winter sleigh-riding is the exception and not the rule.

Facilities for irrigating surpass any in the State, and there is no failure of crops. Reno has Churches of all denominations, Bishop Whitaker's School for Girls, Mt. St. Mary's Academy, the State University, and splendid Public Schools. The Reno Water Co. furnishes ample pure, cold water for all purposes. The Reno Electric Light Co.'s electric light system, already well established, is being augmented. The Reno Gas Co. supplies gas for all purposes. The streets of Reno are lighted by electricity.

RENO

Reno's geographical position is excellent. It is on the line of the Central Pacific Railroad, only 154 miles from Sacramento, and 244 miles from San Francisco. It is the terminus of the Virginia and Truckee Railroad running south, and of the Nevada and California Railroad running north. It has two Flouring Mills, Planing Mills, three Nurseries, a Soap Factory, Reduction Works, and other industries. A great Woolen Mill and a Sash, Door, Blind and Box Factory, are about to be established. Reno has the Bank of Nevada with \$300,000 capital, and the First National Bank with \$100,000 capital. It has two fine papers in the DAILY and WEEKLY NEVADA STATE JOURNAL and the Daily and Weekly Gazette. Reno is the natural home of the Alfalfa, and therefore the great cattle headquarters of the State. Here are fed the prime beef for the California market. Reno potatoes are the best in the world, and she also excels in Strawberries and the small fruits. Reno Wheat took the first prize at the great New Orleans Exposition. The State Fair is always held at Reno. Reno is the County Seat of Washoe County, the wealthiest county in Nevada.
